General Provident Fund Rules

1. Applicability:- The general Provident Fund Rules are applicable to those Central Government employees who have been appointed on or before 31-12-2003. However in the case of state Government of Manipur, employees these rules will be applicable to those who have been appointed on or before 31-12-2004.

2. Eligibility:- Temporary government servants after continuous service of one year and permanent Government servants shall subscribe to GPF compulsorily. However temporary government servants may subscribe to G.P.F. even before completion of one year’s service [Rule 4]

3. Amount of subscription:- A sum as fixed by the subscriber, subject to a minimum of 6% of emoluments and not more than his total emoluments. However in the case of State Government of Manipur, the minimum of 10% of emoluments but not more than his emoluments. Minimum subscription should be fixed with reference to the emolument on 31st March of the preceding year and in the case of new subscriber to the emolument on the date of joining the fund.

4. Application from Government servant:- No application from the government servants are necessary in case of compulsory subscription but applications are necessary in case of temporary employees including probationers and apprentices, if they want to contribute to the fund before completion of one year of service. The Head of Office should send a statement in duplicate to the Account Officer in charge of GPF A/C indicating the names of eligible Government employees to subscribe the GPF. The Account Officers on receipts of the statement should allot account No. and send back one copy to the Head of Office for his record [GOI below Rule 4]

5. Subscription to GPF- may be increased twice and/or reduced once at any time during the year. [GID below Rule 8]

6. Subscription stoppage:- Subscription to G.P. Fund should be stopped during the period of suspension and at the option of the Government employee during leave on half pay leave, leave without pay (LWP) and dies – non. Proportionate subscription has to be recovered for the period of duty and any leave other than HPL/ EOL. [Rule 7 & GID below thereunder]
7. Subscription to GPF should be stopped three months before retirement on superannuation. It means that no subscription should be recovered during the last three months of his service. This provision is mandatory and neither the subscriber nor the Head of Office has got any option to recover the subscription during this period. This provision is made to facilitate the final payment in time.

[Rule 7 & GID below thereunder]

8. The interest rate chargeable is fixed by the Government from time to time. The present interest rate is 8% p.a.

9. A subscriber can nominate one or more persons conferring the right to receive his G.P.F. amount in the event of death. If more than one person is nominated the amount or share payable should be indicated clearly. The subscriber has got the right at any time to cancel his nomination by due notice and send a fresh nomination. A subscriber having a family can nominate only members of his family. Subscriber having no family can nominate any person/persons including a company/Association/Body of individuals / charitable or other Trust or Funds. Subject to its validity, a nomination/notice of cancellation takes effect from the date of its receipt by the Accounts Officer. A nomination submitted to the Head of Office is valid even if the subscriber dies before it reaches the Accounts Officer.

[Rule 5]

10. In regards to G.P.F., the family means /includes wife/wives except judicially separated wife, husband (unless expressly excluded), parents, a paternal grant parent when no parent when no parent is alive, children including adopted children, minor brothers, unmarried sister and deceased son’s widow and children.

11. Temporary advance – Temporary advance from G.P. Fund may be allowed once in every six months in different purposes for such advance.

12. Amount of advance – Amount of advance permissible is -

   i) Normal – 3 months pay or half the amount at credit, whichever is less and recoverable in not more than 24 months of equal instalments.

   ii) Special – No limit, Advance is recoverable in not more than 36 monthly installments if it exceeds 3 month’s pay.

13. Consolidation of advance – When an advance is granted before complete repayment of an earlier advance, the outstanding balance will
be added to the new advance and installments for recovery refixed with reference to the consolidated amount.

14. After retirement/death resignation:– The GPF balance become payable on the very next day of retirement or death or resignation. Interest in such case, should be calculated on the balance upto the month preceding that in which payment is made or upto one month “after the month” in which it becomes payable whichever is less.

The amount so accumulated in the fund together with interest as calculated is finally paid:

(i) After retirement;
(ii) on resignation/removes/dismissal;
(iii) after death while in service;
(iv) On permanent transfer to an organization where the balance cannot be transferred.

15. Sanctioning Authority – In normal advance, the authority competent to sanction advance of pay on transfer is the sanctioning Authority. If the applicant himself is the authority then the next higher administrative authority.

In special advance, the sanctioning authority as prescribed in fifth Schedule i.e. Head of Department.

16. Recovery of advance:– Recovery should commence with the issue of pay for the month following the one in which the advance was drawn. However, recovery during suspension should not be made except with the consent of the subscriber from the subsistence grant. When advance of pay is being recovered from the subsistence grant, recovery of advance may be postponed on subscriber’s written request.

17. It is the general practice in many offices to commence the recovery of the consolidated advance from the month in which it is paid which is not the correct procedure. This goes against rule 13 (1). The exact procedure has been clarified vide GID below rule 12.ibid

Example:– An advance of Rs. 10,000 was paid on 15.3.2005 which was to be recovered in 20 equal monthly insatllment of Rs. 500 each. Further advance of Rs. 15,000 was also sanctioned and paid on 30-1-2006. The consolidated amount of advance has to be recovered in 20 monthly
equal instalment. State when the recovery of 2nd advance along with the outstanding balance of 1st advance will commence.

**Answer:** The recovery of 2nd advance has to commence from the pay for the month of February 2006. As such the recovery of 1st advance @ Rs. 500 should continue upto January 2006 as indicated below:

From pay for 4/2005 to 1/2006@ Rs. 500 p.m. x 10 = Rs. 5000 outstanding balance of Rs. (10000-5000)ie., Rs. 5000 should be added to the 2nd advance of Rs. 15000.

.: Consolidated amount becomes Rs. (5000+15000) = Rs. 20000 which is to be recovered in 20 equal monthly instalments of Rs. 1000 each from the pay for 2/2006 paid on 28.2.2006 accountable in 3/2006

18. formula : for calculation of interest on GPF we may apply the following:

\[
\text{Interest} = \text{Total of IBB} \times \frac{1}{12} \times \frac{r}{12} \\
(\text{O.B} + \frac{\text{PT}}{12}) \times \frac{r}{12}
\]

Where
- IBB means the interest bearing balance
- \( r \) means rate of interest
- O.B. means opening balance
- PT means progressive total

For calculation of interest on GPF we have to make a statement with the following heading in the Proforma for the application of formula.

\[
\text{Int} = \text{IBB} \times \frac{1}{12} \times \frac{r}{12}
\]

PRACTICAL QUESTIONS

Interest calculation on G.P.F. Account

Q. No. 1. From the following particulars you are required to calculate interest on G.P.F. Account and close the account for the year 2008-09.

1. Opening balance as on 1-4-2008 Rs. 51,000
2. Monthly Subscription Rs. 500
3. Rate of interest 8% p.a.

Total Rs. 6000 -- -- Rs. 6,51,000

:. By formula, we have

Interest = IBB \times \frac{1}{12} \times \frac{r}{12} = 6,551,000 \times \frac{1}{12} \times \frac{8}{100} = Rs. 4340

Annual statement for 2008-09
1. opening balance on 1.4.2008 Rs. 51,000
2. subscription /Deposit during 2008-09 Rs. 6000
3. Recovery /refund 2008-09 Nil
4. interest for the year 2008-09 Rs. 4340
   Total Rs. 61340
5. withdrawal during 2008-09 Nil

   Closing balance on 31.3.09 Rs. 61340

Rupees sixty thousand three hundred and forty only.

Alternative method for calculation of interest under formula \[
(\text{Interest}) = \left( \frac{\text{Opening Balance} + \frac{\text{Planned Income}}{12}}{12} \right) \times \frac{r}{100}
\]

1. Opening balance on 1-4-2008 Rs. 51000
2. Rate of Interest 8%.

Court attachment for Debt and Maintenance
Swamy’s Central Treasury Rules.

1. Attachment for debt:- when the pay of a government servant is attached by an order of a Court of Law it is the duty of the Officer receiving the attachment order to ensure that proper deduction is to be made in satisfaction of such order from the pay of the Government servant Concerned and also to keep a record of such deduction in Form T.R. 13 and the amount so deducted are remitted to the Court. But the entire salary cannot be attached.

2. Exempted allowances:- The subsistence allowance paid to a Government servant while under suspension is not liable for court attachment and any allowance forming part of the emolument of any Government Servant (Central or State) which the appropriate government may, by notification in the official Gazette, declare to be exempt from attachment. The following allowance payable to any government servant in the service of the Government shall be exempt from attachment by order of a court.

   (i) All kinds of travelling allowances.

   (ii) All kinds of conveyances allowance

   (iii) All allowances granted for meeting the cost of uniforms and rations.

   (iv) All allowances granted as compensation for higher cost of living in localities considered and notified by government to be expensive localities including Hill stations.

   (v) All house rent allowances.

   (vi) Dearness allowance or any other allowances granted to provide relief against increased cost of living.

   (vii) Dearness pay, which is really a part of the dearness allowance and is treated as pay for certain specific purposes only.
(viii) A foreign allowance on in the case of Heads of Diplomatic Missions, frais de representation assigned to officer serving in posts abroad.

(ix) Children Education allowance whether described as such or as children educational assistance or any other manner.

(x) All amounts paid by way of reimbursement of medical expenses.

NOTE 1:- Interim Relief is not taken as an exempted item. Hence it should be taken into account in the attachable portion.

2. Basic pay +S.I. + Spl Pay + NPA are to be remained as attachable portion salary after deducting the allowances declared as exempt from the gross emolument.

3. Attachable amount:- The attachable portion varies according to where the decree is for maintenance or for other than maintenance.

4. extent of exemption from Court attachment :-

    The extent to which the pay and allowances of a Government servant are exempt from Court attachment is a follows:-

    (i) salary to the extent of the first 1000 rupees and two third of the remainder in execution of any decree other than a decree for maintenance;

    Provided that where any part of such portion of salary as is liable to attachment has been under attachment, whether continuously or intermittently for a total period of 24 months such portion shall be exempt from attachment until the expiry of a further period of 12 months, and

    Where such attachment has been made in execution of one and the same decree, shall, after the attachment has continued for a total period of 24 months, be finally exempt from attachment in execution of that decree.
(ii) In execution of any decree for maintenance Salary to the extent of one-third.

5. Formulae:-

A. Other than maintenance:-
   Maximum attachable amount = \( \frac{(X-Y) - 1000}{3} \)

B. Maintenance –
   Maximum attachable amount = \( \frac{(X-Y) \times 2}{3} \)

where X means gross emolument earned by the Government employee.

where Y means allowances declared exempt from attachment.

NOTE :- No deduction of Court attachment should be made during suspension from the subsistence grant.

6. If an order of attachment against a government servant is received before a previous order of attachment against the same government servant has been fully complied with the recoveries shall be made by the Disbursing Officer so long as the total amount recoverable with reference to the attachment order is within the maximum limit prescribed in rule 226 of CTR Vol-I

7. If a new attachment order has the result of the total attachable amount beyond the maximum limit prescribed, the Disbursing officer shall return the new attachment order to the court concerned along with a statement showing

   (i) Particulars of the existing attachment

   (ii) Particular of the amount withheld and paid upto date into the Court concerned.

   (iii) amount remaining to be recovered

8. Any deduction which may have to be made on account of subscription to provident fund, taxes on income payable by the Government servant, due of Co-operative Societies and debts due to Government should be made form the non-attachable portion of the government servant’s salary.
9. The amount recoverable under the attachment order should be deducted at the
time of actual disbursement of pay or leave salary to the Government servant
and the only net amount after deducting the recoverable amount should be paid
to him. The authority whose duty it is to make the deduction is responsible for
remitting the amount without undue delay to the Court concerned vide rule 228.

10. In the case of an attachment order issued by a court in India against a
government servant whose pay and allowances are to be disbursed outside the
local limit to which the CPC extended, the DDO of the concerned
Ministry/Department in India will be responsible for drawing the amount
recoverable monthly in compliance with the attachment order and remitting
them to the Court concerned, unless timely intimation is received by him of the
debt of the government servant or any other event necessitating the
discontinuance of such payment vide rule 228.

11. in cases in which a judgment debtor does not sign the acquittance role and he
intentionally allows his pay to remain undisbursed in order evade payment on
account of an attachment order issued by a court of Law, the HOO may draw
the pay of the judgment debtor in satisfaction of the attachment order, subject to
the prescribed restriction and remit the same to the Court concerned.

12. the amount drawn under rule as mentioned in para 10 and 11 above shall be
treated in the account as paid to the Government Servant concerned and the
Court’s order shall also be noted against the item as authority for the charge.
The court’s receipt for the amount shall be filed safely with the attachment
register or such other suitable records as may be kept by the Drawing Officer.

13. The cost, if, any, of remittance to a court of money realized under its attachment
order shall be deducted from the amount realized and the only net amount
remitted to the court vide Rule 229 ibid.

Examples.

Q. No. 1. An officer was drawing pay of Rs. 8500 in the scale of pay of Rs. 7500-
250-12000 from 1.2.2008. In addition, he is in receipt of Dearness pay of Rs. 4250,
dearness allowance of Rs. 4463, for the first time in his service for recovery of Rs.
70,000 from his salary was received in the month of March 2008. The attachment order is not for maintenance.

You are required to calculate the amount recoverable each month and the total amount that can be recovered from the officer.

**Answer**

All the allowances including dearness pay, except pay, are exempt from attachment by order of the Court. Hence the amount that can be recovered from the salary of the officer in satisfaction of the decree will be made as under:

under Section 60(1) of Code of Civil Procedure, 1908, the portion of the salary which is under attachment continuously for a total period of 24 months shall be exempt
from attachment until the expiry of a further period of 12 months. The same attachment order cannot be enforced again after the expiry of 12 months.

Through the attachment is for Rs. 70,000, the total amount that can be recovered form the salary of the Officer will be only Rs. 61,163.

OR

Alternative method.

Except pay, all other allowances including dearness pay are exempt from attachment by the order of the Court.

As such the attachable amount in satisfaction of the decree not for maintenance will be calculated as under:-

From 3/2008 to 1/2009 i.e., 11 months

\[ \text{Attachable amount} = \frac{\text{Rs. 8500} - \text{1000}}{3} = \text{Rs} \frac{7500}{3} = \text{Rs 2500 p.m.} \]

\[ \therefore \text{Attachable amount for 11 months} \]

\[ @ \text{Rs 2500 p.m. x 11 months} = \text{Rs 27,500} \]

Again from 2/09 to 1/2010 i.e., 12 months

\[ \text{Attachable amount} = \frac{\text{Rs. 8750} - \text{1000}}{3} = \text{Rs} \frac{7500}{3} = \text{Rs 2583 p.m.} \]

\[ \therefore \text{Attachable amount for 12 months} \]

\[ @ \text{Rs 2583 p.m. x 12 months} = \text{Rs 30,996} \]

Further in 2/2010 i.e., 1 month

\[ \text{Attachable amount} = \frac{\text{Rs. 9000} - \text{1000}}{3} = \text{Rs} \frac{8000}{3} = \text{Rs 2667 p.m.} \]

\[ \therefore \text{Total recoverable amount in 24 months} \]

\[ = \text{Rs. (27500+30,996+2667)= Rs 61,163} \]

Under Section 60(1) of Code of Civil procedure, the portion of salary which is under attachment for a continuous period of 24 months shall be exempt from attachment until the expiry of a further period of 12 months and the same attachment
order cannot be enforced again after the expiry of 12 months. Only Rs. 61,163 can be recovered even though the order for recovery of Rs. 70,000 was received against the officer.

Q. No. 2. A court attachment order for recovery of Rs. 15000 from the pay of a government servant was received on 15.09.2008. Particulars of the Government servant’s pay etc. are as follows.

(i) Pay Rs. 6700 p.m. in the scale of pay of Rs. 6500-200-10500 from 1.09.2008.
(ii) Special pay Rs. 300 p.m.
(iii) D.P. at 50% of basic pay.
(iv) D.A. at 47% of basic pay plus D.P.
(v) HRA at 7.5% of basic pay plus D.P.
(vi) SCA Rs. 600 p.m. and
(vii) TA Rs. 200 p.m.

A sum of Rs. 850 pm was being attached form his salary for a period of 24 months till December 2007 in sales fraction of a decree in another case;

Calculate the maximum amount recoverable from the salary of the Government servant from September 2008 onwards to complete full recovery of the whole amount of Rs. 15,000.

Answer

Except pay and special pay, all other allowances including dearness pay are exempt from attachment by order of a Court. Hence attachable amount in satisfaction of the decree will be calculated as under:-

From 9/2008 onwards

Attachable amount = Rs \( \frac{(6700+300)}{3} \) = Rs \( \frac{6000}{3} \) = Rs 2000 p.m.

less portion of salary under attachment

for a total period of 24 months till

December 2007 @ Rs. 850 p.m. \(-\) 850

Balance attachable Rs. 1150 p.m.

Recovery of Rs. 15000 will be made as –
NOTE:- The amount of Rs. 850 which was under attachment for a total period of 24 months continuously shall be exempt from attachment until the expiry of a further period of 12 months reckoned from 1/2008 to 12/2008 vide section 60(10) of Code of Civil procedure, 1908.

a) You are required to calculate the amount of the first installment which is to be remitted to the Court by Money Order.

b) In the above case, if the order of the Court is in execution of decree for maintenance what is the maximum amount that should be recovered?

Answer:-

a) Gross emolument = Rs. 8000 + 500 + 4000 + 5640 + 900 + 750 + 400 = 20,190.

   Allowance declared exempt = Rs. 4000 + 5640 + 900 + 750 + 400 = Rs. 11,690

   \[ \text{Attachable amount} = \frac{(20190 - 11690) - 1000}{3} \]

   \[ = \frac{7500}{3} = \text{Rs. 2500 p.m.} \]

   The first instalment required to be remitted to the Court will be the net amount after deducting the M.O. commission.
b) In the case of decree for maintenance

\[
\text{Attachable amount} = \frac{\text{(20190-11,690)} \times 2}{3} = \frac{8500 \times 2}{3} = \frac{8500 \times 2}{3} = \text{Rs. 5666.66} \text{say Rs. 5667 p.m.}
\]

Q. No. 4. A Court attachment order for Rs. 9000 is received against an official, particulars of whose pay, deduction etc are furnished below. State the amount you will recover –

(i) against the Court attachment

(ii) against the Government dues; and

(iii) the net amount he will be paid

1. Pay Rs. 3800 p.m. HRA Rs. 285, DA Rs. 1748. He received payment of Rs 2000 for the journey on transfer to the place as travelling allowance during the month.

2. He subscribes Rs. 800 p.m. to GPF, refunds advance of Rs. 850 p.m. per instalment and pays to LIC premium of Rs. 170 p.m.

3. Rs. 200 recovered monthly on account of negligence of duty in a case of misappropriation.

4. Rs. 355 p.m. was recovered on account of recovery ordered by Audit on account of overpayment.

5. First instalment of advance of pay to be recovered Rs. 1267.

6. Unadjusted LTC advance to be recovered Rs. 1400.

Answer –

Except pay all other allowances are exempt from attachment by the order of the court. Attachable amount will be calculated as under:-
Attachable amount = \( \frac{3800-1000}{3} = \frac{2800}{3} \) = Rs. 933.33 say Rs. 933 p.m.

The recoveries to be made from the non attachable portion of his salary are :-

1. GPF advance Rs. 850 p.m.
2. LIC Premium Rs. 170 p.m.
3. Recovery of misappropriation Rs. 200 p.m.
4. Recovery overpayment Rs. 355 p.m.
5. 1\textsuperscript{st} instalment of advance pay Rs. 1267
6. unadjusted LTC Advance Rs 1400

\[
\text{Total} \quad 4242
\]
\[
\text{Plus GPF} \quad 800
\]
\[
\text{Net amount payable to the official} \quad 708
\]

\[
\text{Total} \quad 5042
\]

.: In this case the total emolument is Rs. 5833 and the total deduction is Rs. 5042 and as such the balance amount of Rs. (5833-5042) = 791 is not in a position to remit the amount required for the Court attachment which covered be reduced and as such some other item of deduction against the non attachable portion is to be suitably reduced.

In case the official desires, he may request in writing to postpone the recovery of GPF advance till the advance of pay is fully recovered/completed. This is permissible under GPF rule.

Hence, the apportionment may be made as under –

\[
(i) \quad \text{Against the Court attachments} \quad \text{Rs. 333}
\]
\[
(ii) \quad \text{Against the Government dues} \quad 4192
\]
\[
\text{Net amount payable to the official} \quad 708
\]
\[
\text{Total} \quad 5,833
\]

.: The net amount payable to the Government Official is Rs. 708.

Q. No. 5. An officer was in receipt of pay of Rs. 9500 from 1-1-2008 in the scale of pay of Rs. 6500-200-10500 with special allowance of Rs. 400 besides DP of Rs. 47500, DA Rs. 6698, HRA Rs. 1069, SCA Rs. 750 and TA Rs. 200 P.m. calculate the maximum amount attachable from June 2008.

a) if the attachment order is not for maintenance, and
b) if the attachment order is for maintenance.

If in the case above, a sum of Rs. 900 was being attached for a continuous period of 24 months till July, 2007 in satisfaction of a decree in another case.
Answer :-

5(a). If the attachment order is not for maintenance
Emoluments for June 2008
= Rs. 9500+400=4750+6698+1069+750+200
= 23,367.

Less Allowance declared exempt
= Rs. 4750+6698+1069+750+200= Rs. 13467

Net emolument for attachment = Rs 23,367 - 13,467
= Rs. 9900

Attachable amount = Rs. \( \frac{9900-1000}{3} \) = Rs. \( \frac{8900}{3} \) Rs. 2966.66

Less portion of Salary under attachment for
a period of 24 months till July 2007 @ Rs. 900

Balance attachable = Rs. 900.00

2066.66
2067
rounded off.

The maximum amount attachable from the pay of June 2008 in satisfaction of that decree is Rs. 2067 less M.O. Commission if remitted to the Court by money order.

5 (b). If the attachment order is for maintenance

Attachable amount = Rs. \( \frac{9900 \times 2}{3} \) = Rs. \( \frac{19,800}{3} \) = Rs. 6,600

Less portion of salary which was under attachment
for a continuous period of 24 months till July 2007
@ Rs. 900

Balance attachable = Rs. 5,700

The sum of Rs. 900 which was under attachment for a continuous period of 24 months, in satisfaction of a decree in another case, shall be exempt from attachment until the expiry of further period of 12 months reckoned from August 2007 to July 2008 vide section 60(1) of Code of Civil Procedure, 1908.

Motor cars

4. Date of drawal of an advance:-
   The date of drawal of advance for purchases of conveyance shall be
   (i) The date of issue of the cheque where personal cheques are drawn in favour of the Government servant.
(ii) The date of actual disbursement of the Government servants whose pay is drawn on establishment bills and who are disbursed the advance by the Head of Office after drawing the money from the Treasury Bank.

5. Refund of unspent portion of advance unspent portion of the advance is required to be refunded immediately after the purchase of the Motor car.

6. **Powers of sanction:-** A department of the Government, an Administration or a Head of a Department may sanction advance for the purchase of conveyance to Government servant under their respective administrative control.

7. **Amount of advance:-**
   
   First occasion - Rs. 1,80,000
   
   OR
   
   8(eight)month’s basic pay Plus D.P.
   
   OR
   
   anticipated price of the car to be purchased. whichever is the least.

   Second/Subsequent Occasions Rs. 1,60,000
   
   OR
   
   8 (eight)months basic pay plus D.P.
   
   OR
   
   anticipated price of the motor car to be purchased, whichever is the least.

8. **Eligibility:-** Officers whose basic pay and dearness pay taken together is Rs. 15,750 p.m. or more are eligible. The secretary of the Administrative Department may relax this condition in deserving case.

9. **Mode of recovery/adjustment of advance:-** Not more than 200 equal monthly instalment. The recovery of the amount of advance shall commence with the first issue of pay or leave salary or subsistence grant after the advance is drawn. **NOTE:-** The Government Servant may at his option repay more than one instalment in a month.
10. **Recovery of Interest:** The amount of interest shall be recovered in the minimum number of monthly instalment, the amount of each such instalment being not greater than the amount of the instalment fixed for the principal advance. The recovery should commence from the month immediately following that in which the repayment of advance for the purchase of motor car is completed.

11. **Interest:** Simple interest at such rates as may be fixed by the Government from time to time shall be charged on advances granted to Government servants for the purchase of conveyance. The interest should be calculated on the balance outstanding on the last day of each month and rate of interest should be determined with reference to the date on which advance is drawn.

   Unless Government servant who is sanctioned an advance for purchase of motor car, completes the purchase of and pays for the motor car within one month from the date on which he draws the advance, he shall refund for therewith the full amount of the advance drawn together with interest on that amount for one month.

   However, a Department of Government, an Administrator or a Head of Department may, in exceptional cases, extend the period of one month prescribed to two months where the Government servant refunds the full amount of the advances before the end of the month in which it was drawn for the purchase of a car the interest may be recovered for the actual period the advance was retained by the Government servant.

12. **Charging of penal interest @ 2.5% p.a. when purchase not effected within the period:**

   Where amount of advance is retained beyond one month, the interest will be charged as below:-

   (i) The period of one month should be a calendar month from the date of drawal of the advance

   (ii) For the first month or where the period is extended by the competent authority for such extended time at the rate applicable,
For period in excess of one months if no extension order is obtained from the competent authority or where period is extended with extension order, at the higher rate stipulated beyond 2 month:-

13. Calculation of Interest on advance for purchase conveyance:-

I. If the principal is repaid in equal monthly instalment from month to month-

\[
\text{Interest} = \frac{a(n+1)}{2} \times \frac{n}{12} \times \frac{r}{100}; \quad \text{where } n = \text{no. of instalment}
\]

\[x=\text{amount of each instalment.}\]
\[r=\text{rate of interest.}\]

II. If portion of principal is paid in equal monthly instalment and the balance is paid in lump sum.

\[
\text{Interest} = \frac{\alpha(n+\ell)}{2} \times \frac{n}{100} \times \frac{1}{12} \quad \text{where } n = \text{no. of instalment of}
\]

repayment including last instalment or lump sum payment.

\[\alpha=\text{amount of principal.}\]
\[\ell=\text{last balance for which interest is due.}\]
\[r=\text{rate of interest.}\]

III. In other case, where recovery is irregular no formula will work in such cases. only the balance outstanding on the last day of each month should be worked out and added up, then
Interest = Total Interest bearing Balance \times \frac{1}{12} \times \frac{r}{100}

i.e., \text{IBB} \times \frac{1}{12} \times \frac{r}{100}

**NOTE:-** in the case of recoveries effected through salary bills which are disbursed on the last working day of the month, the amount so recovered should be taken into account as recovered in the succeeding month for the purpose of determining the outstanding balance on the last day of the month.

If the balance amount is repaid in lump sum on one or more occasions in the same month, all those payments along with payment through salary bills should be taken as one instalment for calculation interest as per formula.

**Rounding off Interest:** The interest on advance should be rounded off to the nearest rupee fraction of 0.50 paise or more rounded off to nearest rupee.

The interest should be calculated on the balance outstanding on the last day of each month. After the principal amount of advance has been completely recovered, simple interest at the rate specifically fixed for the purpose by the Government and prevailing on the date of drawal of the advance will have to be recovered.

The rate of interest prescribed for advances drawn during various years are as under:-

Q.No.1. Calculate the interest payable by a Government servant for an advance granted to him for purchase of a scooter from the following data:-

- **Amount of advance**: Rs. 6000
- **Date of drawal of the advance**: 25.8.2005

The Government was to repay the advance in 60 monthly equal instalment of Rs. 1000 each. He completed the negotiation for the purchase and finally paid for the scooter on 24.10.2005.

He applied for extension of time limit for completing the negotiation and the extension asked for was granted by the Head of Department.

Recovery of the advance was commenced from his salary bill for September 2005, paid on 30.9.2005.

He refunded in cash Rs. 500 being the amount of advance in excess of the actual price of the scooter on 20.10.2005.

The official lastly repaid the entire balance outstanding on 31.3.2008.

The rate of interest chargeable is 8%p.a.

Also indicate the irregularity in the above transaction.

**Answer:-**

**Q. No. 2.** An Officer took an advance of Rs. 20,000 for purchase of a motor cycle on 25.1.2004 recoverable in 50 monthly equal instalment of Rs. 400 each.

Calculate the interest payable by the officer and indicate the number of instalments in which the total interest should be recovered as also the amount of each instalment of interest. The rate of interest is 8 percent per annum.

**Answer:-**

Presuming that the principal of advance has been repaid in equal instalment from month to month.

The interest payable will be calculated as per formula.

\[
\text{Interest} = \frac{n(n+1)}{2} \times \frac{R}{12} \times \frac{P}{100}
\]

\[
= \frac{50(51)}{2} \times \frac{400}{12} \times \frac{8}{100} = 25 \times 51 \times \frac{1}{3} \times 8 = 25 \times 17 \times 8 = Rs. 3400.
\]
The recovery of interest will be made after the recovery of principal advance is completed and the number of instalment should be minimum and the amount of recovery of interest should also be not greater than Rs. 400.

Hence the interest will be recovered in 9 (nine) instalment the first 8 instalment @ Rs. 400 and the last 9th instalment @ Rs. 200.

**Q. NO. 3.** A Government servant took an advance of Rs. 30,000 on 5.4.2006 towards the purchase of a Motor cycle. The prescribed rate of interest is 8% p.a. The Government servant did not effect the purchase but refunded the whole amount of advance on 21-7-2006.

Indicate the amount of interest payable by the Government Servant:-

(a) if he had obtained sanction of the Head of the Department for extension of time – limit for the purchase.

(b) if he had not obtained the sanction of the Head of the Department for extension of time limit for the purchase.

**Answer:-**

(a) For the first two months Interest will be calculated at the prescribed rate of 8%.

For the actual period beyond two months Interest will be calculated at a rate of 10.5% p.a. i.e., 2.5% above the prescribed rate.

\[ \text{Total interest payable (rounded off)} = \text{Rs. 797.98} \]

(b) For the first one month Interest will be calculated at the prescribed rate of 8% p.a.

For the actual period in excess of first one month Interest will be calculated at the rate of 10.5% p.a. i.e., 2.5% above the prescribed rate.

\[ \text{Total interest payable (rounded off)} = \text{Rs. 798} \]
NOTE 1:- For 2 (two) month is reckoned as under
    From 5.4.2006 to 4.5.2006 = 1 month
    From 5.5.2006 to 4.6.2006 = 1 month

NOTE 2:- For actual period beyond 2 months
    From 5.6.2006 to 4.7.2006 = 1 month
    From 5.7.2006 to 20.7.2006 = 16/31 month

Q. No. 4. (a). A Government took an advance for a sum of Rs. 60,000 on
6.2.2006 towards purchase of a motor cycle. The prescribed rate of interest is 8% p.a.
The G/S did not effect the purchase but refunded the whole amount of advance on 14-5-2006. Indicate the amount of interest payable by the G/S if he had obtained sanction of the HOD for extension of time limit for the purchase.

(b). In the above case if the G/S had not obtained the sanction of the Head of department for extension of time limit for the purchase what is the amount interest payable by the G/S?

Answer:-

(a). If he obtained sanction
    For the first 2(two) month Interest @ 8%p.a.
    from 6-2-2006 to 5-4-2006
    For the actual period beyond two month Interest @ 10.5%
    from 6-4-2006 to 13-5-2006
    .:.Interest payable will be calculated as under:-

Rs. 60,000 x $\frac{1}{12}$ x $\frac{8}{100}$ [2 months] =Rs. 800

Rs. 60,000 x $\frac{1}{12}$ x $\frac{10.5}{100}$ [ 1 + $\frac{8}{31}$ ] Rs. 525

Total Rs. 1460.48 say Rs. 1460/
(b). In the case where the G/S did not obtain sanction

For the first one month Interest @ Rs. 8% p.a.
For the actual period beyond one month Interest @ Rs. 10.5% p.a.

from 6-3-06 to 13-5 2006

.: Interest payable will be calculated as under:-

\[
\text{Rs. 60,000} \times \frac{1}{12} \times \frac{8}{100} \quad [1\text{month}] = \text{Rs. 400}
\]

\[
\text{Rs. 60,000} \times \frac{1}{12} \times \frac{10.5}{100} \left[ 2 + \frac{8}{31} \right]

\text{say Rs. 1585/-}
\end{align*}
\]

**Q. No. 5.** What is the amount of Motor car advance admissible to a Government in the following case? How the recovery will be effected?

1) monthly basic pay including DP on 1.4.2008 Rs. 18,000
2) Price of motor car Rs. 1,50,000
3) Spare wheel & tyre Rs. 5,000
4) Radio in the car Rs. 2,000
5) Insurance charge Rs. 500
6) Registration charge Rs. 1,000
7) Cost of transportation of conveyance upto duty point arranged by distributor Rs. 1,500
8) Octroi charge paid Rs. 300
9) Sales Taxes Rs. 500.

**Answer:** Quantum of advance presuming that the advance is on first occasion –

Rs. 1,80,000

OR

8 month Pay +DP

OR

Anticipated price of motor car to be purchased
whichever is the least

\[ \therefore \text{The amount admissible to the officer has to be worked out as under.} \]

\begin{align*}
\text{Rs. 1,80,000} & \\
\text{OR} & \\
8 \text{ times of Rs. 18000} = \text{Rs. 1,44,000} & \\
\text{OR} & \\
\text{anticipated price of} & \\
\text{Motor car} & \text{Rs. 1,50,000} \\
\text{Cost of spare wheel & tyre} & \text{Rs. 5,000} \\
\text{Transportation} & \text{Rs. 1500} \\
\text{Octroi} & \text{Rs. 300} \\
\text{Sales Taxes} & \text{Rs. 500} \\
\hline
& \text{1,57,300}
\end{align*}

\[ \therefore \text{The least amount is Rs. 1,44,000 which will be the admissible amount to be sanctioned.} \]

\textbf{Recovery:-}

The recovery of advance will be made in not more than 200 equal monthly instalment and the recovery shall commence with the first issue of pay, leave salary and subsistence allowance after the advance is drawn.

\textbf{Q. No. 6.} Calculate the amount of interest payable by an officer of State government of Manipur on an advance of Rs. 1,80,000 repayable in 200 monthly equal instalment from the following particulars:-

By formula we have,

\[
\text{Interest} = \text{IBB} \times \frac{1}{12} \times \frac{r}{100}
\]

\[
= 6883100 \times \frac{1}{12} \times \frac{12.5}{100}
\]

\[
= \frac{68831 \times 12.5}{12}
\]
=  Rs. 71698.95 say Rs. 71699/-

.: The amount of interest payable by the officer is Rs. 71,699 only

**IRREGULARITY:-**

The recovery of advance should have been started with the first issue of pay for the month of August 2002 instead of September 2002. Hence irregular.

**NOTE:-** Date of drawal of an advance shall be from the date of issue of cheque and not from the actual drawal of advance vide Rule 14 of part II of rules on advance.
**Income Tax on Salaries**

2008-09

Income Tax is leviable annually for each financial year commencing on the 1\textsuperscript{st} day of April and ending on the 31\textsuperscript{st} March following. Such Income Tax is levied on annual basis from salaries and is recovered on a monthly basis for the sake of convenience. In calculation income we have to start from March to February following as the salaries for March every year will be taken into account as income during April. As such the salary income from March to February following will be treated as income for the financial year starting from April to March following.

Steps for calculation of Income Tax for the financial year 2008-09 (Assessment year 2009-10) are indicated as below:-

Income Tax on the salary of an individual will have to be calculated in five steps;

1\textsuperscript{st} Step:– Calculation of Total Income:- We should take the salary income from 1.4.2008 to 31.3.2009 including arrear received during the period if any, income received as allowance etc. From the total so arrived at, the amount of HRA, if any, eligible for exemption should be deducted. The amount arrived at is the total salary Income for the year from April to March following:

2\textsuperscript{nd} Step:- Deduction admissible (section 16)

(i) Professional Tax actually paid during the year

(ii) entertainment allowance if any, received during the year limited to 1/5\textsuperscript{th} of his salary or Rs. 5000, whichever is less.

(iii) New pension scheme Amount deposited in the new pension scheme introduced from 1.1.2005 subject to a maximum of 10\% of salary and Government ‘s contribution to the New Pension scheme subject to a maximum of 10\% of the salary
Medical Insurance upto Rs. 20,000. This is applicable to insurance under any scheme sponsored by the General Insurance Co-operation of India or any other insurer. [Sec. 80-D]

Handicapped dependent: if medical treatment / maintenance / rehabilitation incurred expenditure an amount of Rs. 50,000 or Rs. 75,000, as the case may be, [Sec. 80DD]

Medical treatment: Any expenditure incurred for medical treatment of such diseases like Cancer or AIDS upto a maximum of Rs. 40,000 or Rs. 60,000 as the case may be; [Sec 80DD]

Education Loan taken from any financial institution or charitable institution for the purpose of the higher education or higher education of his spouse / children the amount of interest repayment made during the year or for a period of 8 year, whichever is earlier [Sec 80 E]

Handicapped assesses upto Rs. 50,000 or Rs. 75,000 as the case may be; [Sec 80 U]

Donation – 50% deduction.

1. Jawaharlal Nehru Memorial Fund
2. Prime Minister’s Drought Relief Fund
3. National children’ Fund
4. Indira Gandhi Memorial Fund
5. Rajiv Gandhi Foundation

100% deduction

1. Chief Minister’s Relief Fund
2. National Defence Fund
3. Prime Minister’s National Relief Fund
4. Prime Minister’s Armenia Earthquake Relief Fund
5. Africa (Public contribution –India ) Fund
6. National foundation for Communal Harmony

In computing the total income of an assesse there shall be deducted the whole of the amount paid or deposited in the previous year and the aggregate amount of deduction under sec 80 C, 80 CCC, and 80 CCD shall not, in any case, exceed one lakh rupees.

N.B:- PLI premium financed from GPF does not qualify for deduction under sec 80C as the GPF contribution is already qualifying.

Thus taxable income is arrived at after allowing the abovedeductions. This should be rounded off to the nearest multiple of ten rupees ignoring the fraction which is less than five rupees and increasing the fraction of five rupees or more to the next higher amount which is a multiple of ten.

On the total taxable income arrived at, the income tax payable is to be worked out on the basis of the following rate and rounded off to the nearest whole rupee for which fraction of 50 paise or above being taken as whole rupee and less than 50 paise shall be disregarded.

**Practical questions on Income Tax calculation**
Q. No. 1. From the particulars given below, you are required to calculate taxable income and income Tax payable by Shri. X, an officer of State Government of Manipur for the salary year 2008-09.

1. total salary income for the year 2008-09 Rs. 1,22,400
2. GPF subscription @ 800p.m. for the year 2008-09 Rs. 9,600
3. P. Tax actually paid during the year Rs. 600
4. GPF advance recovery @ Rs. 500 p.m. for the year 2008-09 Rs. 6,000

Solution:-

Income tax calculation statement in respect of Shri X, an officer of State Government of Manipur for the financial year 2008-09 (Assessment year 2009-2010)

Total Income from salary Rs. 1,22,400
less P.Tax actually paid during the year (-) 600

Taxable Income = Rs. 1,12,200

Savings under section 80C:-

GPF subscription @ Rs. 800 p.m. x 12 = Rs. 9,600 (-) 9,600

Taxable Income = Rs. 1,12,200

.: Taxable income is less than Rs. 1,50,000 the officer should not pay I.Tax for the Taxable income of Rs. 1,12,200.

NOTE:- Repayment of advance from GPF is not qualifying for deduction under section 80-C and as such GPF advance recovery is not taken into account.

Answer:-

Interest calculation Statement in respect of an officer for the financial year 2008-09.

Income from salary

1. Pay @ Rs. 18400 pm from 3/08 to 2/09 x 12 = Rs. 2,20,800
2. D.P. @ Rs. 9200 pm from 3/08 to 2/09 x 12 = Rs. 1,10,400
3. D.A. @ Rs. 9660 pm from 3/08 to 6/08 x 4
   @ Rs. 12972 pm from 7/08 to 2/09 x 8 = Rs. 38,640
   = Rs. 1,03,776
4. SCA & TA exempt ---
5. Honorarium @ Rs. 1500 in 7/08 x 1 = Rs. 1,500
   = Rs. 4,75,116
   Deduct P. Tax actually paid during the year = Rs. 2,500
   = Rs. 4,72,616

Deduct Interest on loan for higher education

Actually paid = Rs. 40,000

Total Income = Rs. 4,32,616

Savings [Section 80-C]

GPF subscription @ Rs. 5000 x 12 = 60,000
PLI premia @ Rs. 300 pm x 12 = 3,600
GIS @ Rs. 120 pm. x 12 = 1,440
Fixed Deposit in SBI = 40,000

Total = Rs. 1,05,040
Limited to Rs. 1,00,000

Taxable Income = Rs. 3,32,616
Rounded off to 3,32,620

:. Income Tax on Rs. 3,32,620

= Rs. 15,000 + 20% of Rs. 32620 = Rs. 21,524
Add. edn. Cess 3% on Rs. 21524 = Rs. 646

Total of I. Tax and Education Cess payable for the year 2008-2009 = Rs. 22,170

Another method of Income Tax calculation

\[
\begin{array}{ccc}
\text{Rs. 1,50,000} & \text{Income Tax} & \text{Nil} \\
\text{Next Rs. 1,50,000} & 10\% \text{ of 1,50,000} & \text{Rs. 15,000} \\
\text{Next Rs. 32,620} & 20\% \text{ of 32,620} & \text{Rs. 6,524} \\
\hline
\text{Total} & \text{Rs. 21,524} & \\
\text{Add Edu. Cess at 3\% of I. Tax} & 646 & \\
\hline
\text{Total I.Tax & Edn. Cess for the year 2008-09} &= \text{Rs. 22,170}
\end{array}
\]

NOTE:-

1. Fixed deposit for a minimum period of 5 years in a scheduled Bank is eligible for deduction under Section 80-C.
2. Interest on Loan borrowed for higher Education of Spouse /children can be deducted from Taxable Income vide Section 80-E amended by Finance Act 2007.

\]
percent of Rs. 650  

\[ \text{Total Income} = \text{Rs. 2,09,672} \]

Savings under Sec 80-C

1. GPF subscription @ Rs. 1500 pm x 12 = 18,000
2. GIS contribution @ Rs. 40 pm x 12 = 480
3. PLI premium @ Rs. 60 pm x 12 = 720
4. Repayment of HRA @ Rs. 800 x12 = 9,600
